Purpose

Role of the steering group

The academies finance and assurance steering group (steering group) has been created to enable the Education Funding Agency (EFA) and academies to work collaboratively to develop a number of finance and assurance products. The steering group will drive improvements to meet the needs of the academy sector in ensuring high standards of accountability and transparency in the use of public funds. The steering group will operate on the basis of these agreed terms of reference.

Objective

The steering group will lead the development of improved financial returns and assurance requirements to minimise administrative burdens on academies. The steering group will focus on balancing minimum administrative requirements with the need to ensure accountability and assurance to academies and the EFA. The steering group will take account of relevant requirements of other stakeholders including the Department for Education, HM Treasury and the National Audit Office.

Scope

The steering group will encompass all activities required to deliver an agreed programme of work. The steering group will provide governance and decision making for the successful collective delivery of the agreed work plan in its entirety.

The steering group will make recommendations to the EFA Chief Financial Officer and will:

- receive and disseminate advice on matters affecting finance and financial assurance within the academy sector.
- agree and monitor a work programme to achieve continuous improvement.
- set up working groups as required focussing on specific areas of work.
- maintain reporting and communication lines with working groups, through working group chairs, supported by EFA nominated leads.
- enable working groups to make recommendations to the EFA Chief Financial Officer, through the steering group chair.
- take ownership of issues that are escalated from working groups.
- approve any changes to the governance and scope of the work programme.

Membership

Steering group

The steering group includes academy finance directors, business managers and principals and representatives from overarching academy collaborative bodies including Freedom and Autonomy for Schools National Association (FASNA), Association of School and College Leaders (ASCL), National Association of School Business Management (NASBM), and The Independent Academies Association (IAA).

The steering group chair is John Rawsthorne, EFA Director of External Assurance.

St Peter's Catholic High School

Association of School and College Leaders

Attendees

Peter Newson, Donna Lewis, Phil Eames	Education Funding Agency
Vicky Bowes, Ian McVicar	Department for Education

Working groups

Working groups will take forward detailed areas of work as directed by the steering group to achieve the overall work programme. The work programme will take account of the timetable in the Academies Business Cycle Planner 2013. Working groups include academy representatives from across the academy sector. Membership is outlined in the appendix.

The steering group has created three working groups to support the work programme in 2013-2014:

- **Working group 1**
Chaired by Stephen Morales, focussing on the Academies Financial Handbook and the Financial Management and Governance Self-assessment.
- **Working group 2**
Chaired by Mike White, focusing on the Academies: Accounts Direction, Accounts Return, benchmarking review and the Budget Forecast Return.
- **Working group 3**
Chaired by Adrian Bowater, focussing on regularity audit, fraud awareness, funding audit and accounting guidance and direction.

Conduct

Transparency and openness

The steering group will ensure that all matters can be discussed in an open and constructive way. Unless expressly requested by steering group members, the chair will assume that the business of the steering group will not be conducted on a confidential basis. Minutes of steering group meetings will be made available on EFA webpages.

Meetings

Steering group members should avoid delegating attendance at meetings unless it is absolutely unavoidable. Where deputies attend, they will be expected to have authority to represent their organisation.

Additional attendees may be asked to contribute to steering group meetings to provide specialist advice within their area of expertise. Requests for non-steering group members to attend steering group will be at the discretion of the steering group chair.

Steering group meetings are scheduled on a quarterly basis and may be convened on a more regular basis at the discretion of the chair. An agenda for steering group meetings will include:

- Welcome from the chair and summary of key objectives for the meeting
- Declarations of interest
- Review of progress from each working group
- Decisions needed
- Any other business

Reporting and secretariat

The steering group will receive an agenda, minutes and any supporting papers for information or decision. Following steering group meetings, minutes and actions will be issued to steering group members and other stakeholders as required. Steering group members will receive two working days to comment on the minutes.

The secretariat plays a key role in the smooth running of meetings and supporting the work of the steering group. The secretariat will be undertaken by EFA to ensure:

- An agenda is agreed by the chair 5 working days in advance of the meeting.
- Papers are circulated to all attendees 3 working days in advance of the meeting.
- Draft minutes, action points and any other relevant papers are circulated to the attendees and relevant stakeholders within 5 working days following the steering group.
